1. Repair Works No. 1 of the Gdansk United Electrical Works is located in Szczecin (Stettin), on Ul. Loiska Polskiego 12. The telephone number of the repair works is 54-17 and 45-27. Repair Works No. 1 employs about 400 people, most of whom are specialists, and is engaged in both military and civilian work. Employees are scattered around the Szczecin area on various assignments. Some were assigned to the Szczecin shipyard. Nothing is known of the military work done by the Works.
2. In 1951 and 1952 two commercial ships of over 3,500 tons and an unspecified number of small fishing boats were under construction at the Szczecin shipyard. As of late 1952 none were completed because of shortages of material and manpower.
